

## ■ How to Create a Charity GoFundMe for the KCNT1 Epilepsy Foundation

GoFundMe is a powerful platform to share your story and raise funds to support KCNT1-related epilepsy research. When you create a charity fundraiser and select our Foundation as the beneficiary, all donations go directly to us, and donors receive tax receipts. Here's how to set it up correctly:

1. Go to: <https://www.gofundme.com/start/charity-fundraiser>
2. Choose 'Certified Charity' when asked what type of fundraiser you're starting.
3. Search for: KCNT1 Slack Epilepsy Foundation Inc (this is our official registered name).
4. Select us as the beneficiary. This ensures donations go directly to the Foundation.
5. Create your campaign: Add a personal title, photo, and fundraising story.
6. Set a fundraising goal and timeline (e.g., \$500 in 30 days).
7. Share your fundraiser with friends and family via social media, text, and email.
8. Thank donors and provide updates throughout your campaign.

■ Important: Do not select 'Personal Cause' or collect donations into a personal bank account. To be tax-deductible and legally compliant, you must select 'Certified Charity' and choose KCNT1 Slack Epilepsy Foundation Inc as the recipient.
