Building Hope for KCNT1

November 2025

We are well into the fall season, which means... **National Epilepsy Awareness Month** is here. This month we will send a big hug to "the holidays" are coming, don't you?

In this issue you will find updates and reminders of ongoing programs we are participating in to build our path to new treatments.

November is a Month of Gratitude

November is a special month for a few reasons. It's not just National Epilepsy Awareness Month, but also Thanksgiving, a holiday celebrated in the United States, as celebrated Thanksgiving in Canada, celebrated in various thanks. And there's another day called Giving Tuesday or Gratitude Tuesday that encourages people to give back.

During this month of gratitude, we highlight several of our KCNT1 heroes! The amazing parents, researchers, doctors and dedicated supporters who are working to find treatments and cures for the rare and devastating disease KCNT1 patients' endure. They all share a common goal: finding safe treatments for KCNT1.

Keep on one or several social media pages, we'll be featuring the heroes of the month. Please share your own stories of hope, pride and thanks in your homes! It's a great way to celebrate the wonderful people who are helping to make a difference. #KCNTHeroesMonth

Together for the children,

The KCNT1 Epilepsy Foundation

📅 Mark Your Calendars 📅

Parent Circle – Four Need Someone to Talk to!
Saturday, November 15 | 10 AM EST
